Collection *SUMMER OF LOVE*

It's the unprecedented boho chic elegance from the outdoor textile collection which radiates.

A long development of specific thread with natural colors and a unique weaving technic were necessary to achieve an outdoor textile with such a soft hand, a poetic and an esthetical harmony: the brand spirit transported outdoor.

n°38

n°39

Cyclades

Between sky and sea, the outdoor Cyclade print will transport you on a trip to the Aegean Sea where poets and nymphs lay their head to rest.

The colors are applied with an artisanal pulverization technic to obtain a mesmerizing non-recurring color effect.
