OPENSKY

(Fabric specially designed to protect outdoor sofas)

LIGHTNESS - very light and soft to the touch, and unlike other products, takes up very little space when folded and stored.

HIGH ELASTICITY - unlike rigid resin-coated alternatives

EXCELLENT BREATHABILITY - allowing the material to breathe

WATERPROOF - up to 7 meters of water column without passing through the interior

DURABILITY - has passed the toughest hydrolysis tests simulating humidity, cold and heat for up to 1500 hours (unlike low-quality materials which are completely crumbled by the end of the same tests).

WASHABLE - resists all types of washing (dry or wet)

DISPOSABLE - recyclable
